Thrill - er, thrill - er night,
night, thrill - er

Thrill - er, thrill - er night,
night, thrill - er

Thrill - er, thrill - er night,
that this is thrill - er night,

this is thrill - er night,
that this is thrill - er night,

It's close to midnight, and some villain lurk in the dark
You hear the door slam and realize there's nowhere left to run
They're out to get you. There's demons coming on every side.

This is thriller night, that this is thriller night, that this is thriller night, that

Under the moonlight you
You feel the cold hand, you
They will possess you, you

This is thriller night, that this is thriller night, that this is thriller night, that
see a sight that almost stops your heart.

You try to scream but

wonder if you'll ever see the sun.

You close your eyes and

less you change that number on your dial.

Now is the time for

night, thriller night, thriller night, thriller, but and for

night, thriller night, thriller night, thriller, but and for

this is thriller night, that this is thriller night, that this is thriller night, that

terror takes the sound before you make it.

You start to freeze

hope that this is just imagination.

But all the while

you and I to cuddle close together.

All thru the night

terror takes the sound before you make it.

You start no freeze

hope that this is just imagination.

But all the while

you and I to cuddle close together.

All thru the light

terror takes the sound before you make it.

You

hope that this is just imagination.

But

you and I to cuddle close together.

All

this is thriller night, that this is thriller night, that this is thriller night, that
